

About Us

Founded in 2019, the mission of the Catherine J. Malatesta Foundation is to save the lives of cancer patients, with an emphasis on children, and to inspire hope and lend support to the families and patients caring for, living with and surviving cancer.

How We Started

Catherine Malatesta was diagnosed with Stage IV Epithelioid Sarcoma in December 2014 at age 16. She was a bright, effervescent, caring, kind, compassionate and beautiful student athlete who loved to sing and act and spend time with her family and friends. Catherine died eight months later in August 2015.
